PRICE LIST

FOR

Fall 1921 — Spring 1922

COLUMBIA NURSERY CO.

1490 Union Ave. & Bryant St.

PORTLAND, OREGON

Price List

In presenting this price list, we will not attempt to describe the different varieties, as most of them are to well known to need any description, and in our opinion best adapted for the Northwest. However, we furnish on application, a description of any variety listed, and gladly answer any questions regarding soil, location, etc., to the best of our knowledge. It costs a great deal to print an illustrated catalog, so we would rather give our patrons more value in trees than in literature.

You will find that our prices are as reasonable as possible, consistent with good stock. If we do say it ourselves, we have one of the finest looking lots of nursery stock in the State this season. Our soil is exceptionally well adapted for raising same, and we believe in sparing no expense to have healthy and well taken care of stock, which should be the only kind planted.

Whenever in the city, we would be glad to have you visit our nurseries. It is easy to find—take the Vancouver car, get off at Union Avenue and Columbia Boulevard.

TERMS AND CONDITIONS OF SALE.

All prices listed herein are F. O. B. Portland on first-class stock of the grade mentioned.

Owing to the unsettled conditions, prices

COLUMBIA NURSERY CO.

are subject to change without notice. We will, however, protect our customers on orders placed early, by guaranteeing that in case there should be a reduction they have the advantage of such reduction; and in case there should be a raise, prices will stand as booked.

The indications are that prices on nursery stock will go up, as from 25 to 50 per cent of trees throughout the Northwest in nurseries were killed by sour sap, brown rote, and other causes.

TERMS—Our terms are cash or satisfactory reference before shipment, to customers known to us, or who give the necessary reference, 10 per cent with order, balance on delivery.

RATES—Five trees at 10 rate; 50 trees at 100; 300 at 1000 rate. To Fruit Growers' Associations, Co-operative Associations, and etc., 20 per cent off; 1000 lots 30 per cent off; 5000 lots without individual order pack.

CLAIMS for shortage or damages must be made within ten days of receipt of stock. We book orders with the understanding that same shall be void, should injury befall them from flood, frost, drought or other causes beyond our control.

SUBSTITUTION — Unless otherwise instructed, we reserve the right to substitute other varieties of like nature, if we are sold out, or can not procure the kind ordered, ex-

COLUMBIA NURSERY CO.

cept on commercial plantings, where we always obtain the consent of the customer first.

GUARANTEE—We will replace, on proper proof, any nursery stock sold by us, should it by chance prove untrue to name, but in no case will we be responsible for any amount greater than the purchase price. All stock is guaranteed to reach you in good live, growing condition.

Extensive growers of leading varieties of Fruit Trees, Berries and Grapes.
